WELCOME HOME, WELCOME TO MILLSIDE MEADOWS.

HISTORY

OF THE AREA

Milngavie's blend of historical significance, industrial heritage, and natural beauty makes it a unique and attractive part of East Dunbartonshire.

Originally a small village, Milngavie flourished during the Industrial era with the establishment of various mills along the Allander Water. The village served as a local centre for commerce and industry and the arrival of the railway in 1863 spurred further growth connecting Milngavie with Glasgow and nearby areas. The area also became notable for the construction of the Glasgow Corporation Waterworks which supplied fresh water to Glasgow.

Milngavie has transformed from a small village to a desirable suburban town, offering a mix of urban amenities while providing access to the surrounding countryside. With a strong focus on preserving Milngavie's historical sites and natural beauty, the town embraces development with conservation making it a charming and thriving community.

LOCAL AREA

MILNGAVIE / GLASGOW GREAT CONNECTIONS

Located adjacent to Milngavie Bowling Club, Millside Meadows is within close walking distance of the town centre, a bustling and vibrant hub that is home to a diverse range of amenities, including local boutiques, cafes, restaurants and markets. The village also hosts various events and festivals throughout the year highlighting a strong sense of community.

Milngavie also boasts beautiful green spaces and serves as a gateway to countryside landmarks such as Mugdock Country Park and the West Highland Way, offering walking trails and cycling routes within the surrounding countryside.

Milngavie is well served by nurseries, primary and secondary schools which are consistently ranked amongst the top in the country. Additionally, the development benefits from excellent transport links. The train station is just a stone’s throw away, providing convenient travel to Glasgow and beyond.

Millside Meadows provides a perfect blend of vibrant community life, access to nature and excellent amenities, where city convenience meets rural serenity.

CITY COMFORTS, COUNTRY CONNECTIONS.

DISTINCTLY DIFFERENT

For over 35 years, we've been building homes of the highest quality – using the finest materials and superior craftsmanship.

Every Westpoint development is designed in sympathy with the architectural character and style of its surroundings – so your new home adds to the richness of the community.

We understand that every home should be unique to its owner. That's why we offer a dedicated service with our sales consultant assisting you in choosing all of your finishes throughout which emphatically says it's yours – distinctly yours*.

*Dependant on build stage.

10 GREAT REASONS

You can expect many great things from our new-build homes. Here are just ten of them.

1. MODERN BUILDING STANDARDS

We invest time and resources to take your home beyond the industry standards of construction, design and energy an efficiency.*

2. FIXED PRICE

The price you see is the price you pay. All without the added stress of a closing date, which is often part of the second-hand property buying process.

3. BRAND NEW HOMES

Move in and enjoy, without months of DIY. And if you purchase early in the build stage, you can select your own kitchen and bathroom tiles.

4. DESIGNED TO SUIT YOUR LIFESTYLE

On average, 17% of the space in older properties lies unused. In a typical £200,000 house, as much as £34,000 could be going to waste. We design your new-build home to provide flexible, usable space – to fit the way you live your life.

*In line with energy efficient recommendations at time of build.

5. SAFE AND SECURE

Your new home's structure, ventilation, sound insulation, electrical system, gas supply and fire safety are all designed to meet today's strict building standards. So be assured you and your loved ones are safe and secure.

6. HIGH SPECIFICATION

We include many features in the price, such as a high-quality fitted kitchen, appliances from leading manufacturers, and en-suites to Principal bedrooms.

7. ENERGY EFFICIENT HOMES

Significant financial savings every year – that is the benefit you can expect from the reduced energy bills in your new home. In fact, new homes are typically six times more energy efficient than older properties, and generate less than 60% of the CO2 – so you are helping to preserve the environment.

8. YOUR GUARANTEES

Your Westpoint home comes with the reassurance of the National House Builders' Council (NHBC) guarantee. The standards are exacting, and detailed NHBC inspections take place as your new home is being built. Second-hand homes put the burden of repairs on you – the buyer.

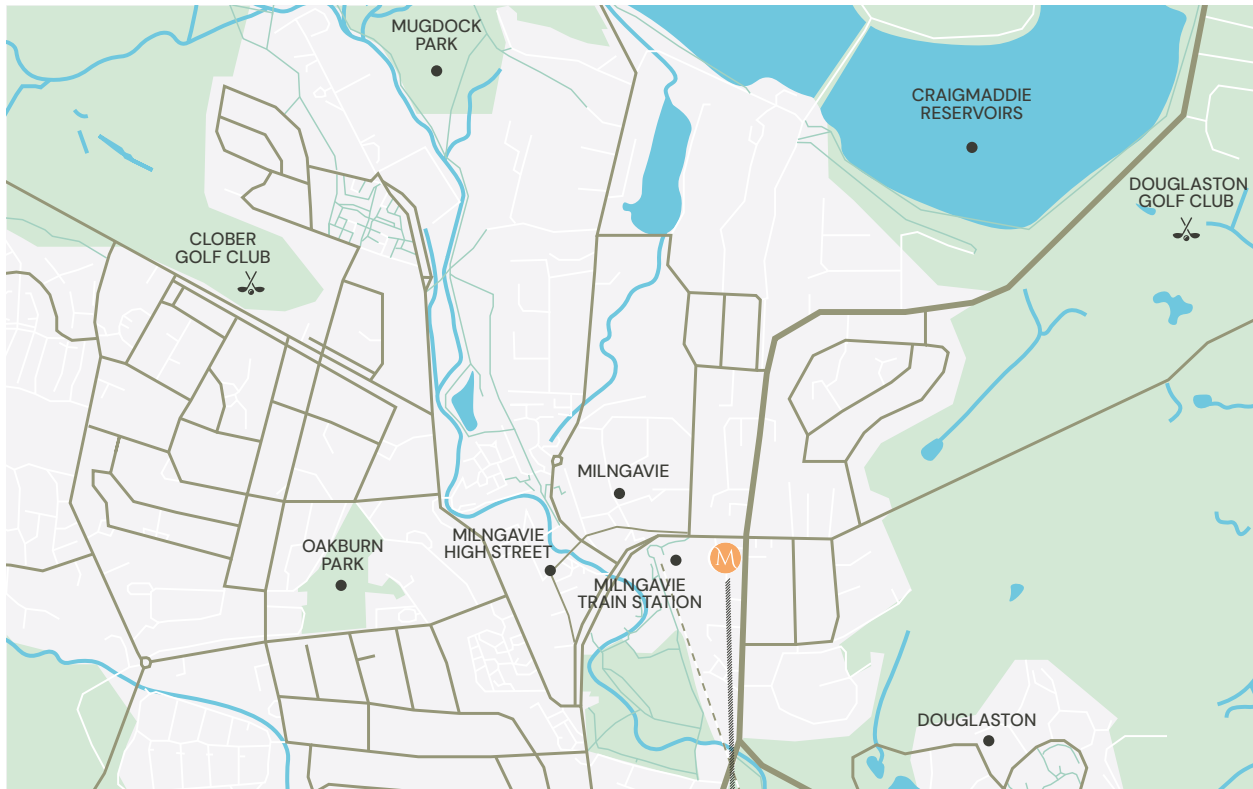

9. BUILDING NEW COMMUNITIES

Our locations and designs make the most of streetscapes and landscape areas, lending instant kerb appeal and sense of place. The result is a neighbourhood where you will instantly feel welcome, and that will be equally appealing to buyers, should you ever wish to sell.

10. THE PERSONAL TOUCH

We keep in touch with you at every stage of your build, so you'll always know the progress of your new home. Our site manager will personally make sure all aspects of your new home are built to our high standards, and that it's examined at the key stages by an NHBC inspector.
