A NEW CHAPTER IN URBAN LIVING

New Kirk Gate is an exclusive development of eight luxury apartments including two penthouses with roof terraces. Set to launch in Bearsden in 2026 and occupying the landmark site of the former Old Halls at Bearsden Cross.

Thoughtfully designed to complement its prime village setting, the development comprises a limited collection of spacious three bedroom apartments and two bedroom penthouses, each created with a clear focus on quality, longevity, and modern living. Interiors are finished to a high-calibre specification throughout.

Designer kitchens by Silverbirch form the heart of each home, paired with bespoke storage solutions to hallways. Bathrooms and en suites are appointed by Scope, delivering a contemporary, spa-inspired finish that balances clean design with everyday comfort.

Every apartment enjoys a private balcony or terrace, with ground-through-third floors finished with a distinctive timber-clad exterior that adds warmth and texture to the building's architecture.

Practical considerations are equally well addressed, with allocated parking for each residence, fully landscaped communal grounds, secure video entry systems, and lift access serving all floors.

Perfectly positioned at Bearsden Cross, New Kirk Gate offers a rare opportunity to secure a modern, design-led home in one of Bearsden's most established and convenient locations, combining village life, connectivity, and understated luxury in equal measure.
